Doomsday Cults

by MOORE, JONATHAN J

Doomsday Cults

Death, destruction and despair. Inside the world's most dangerous cults. Doomsday Cults reveals how cult leaders such as Charles Manson, Marshall Applewhite, David Koresh, Ervil LeBaron and David Berg declared that they were God's representative on earth and promised their followers that only through their teachings could the cult members survive doomsday. Monstrous crimes were committed in God's name and each cult experienced its own horrific Armageddon.
