

Next Of Kin

by HOSP, DAVID

Next Of Kin

Fast paced, gripping and brimming with suspense. NEXT OF KIN delivers on every level a brilliantly plotted thriller with an unexpected twist. When Boston attorney Scott Finn agrees to defend the son of notorious mobster Eamonn McDougal, he knows he's putting his reputation on the line. But he also knows he can use him as bait to reel in the prize catch. In a city where mob crime once ruled, a core of corruption, greed, lies and deceit still lingers. And it seems there are those in power who will stop at nothing to achieve what they want. Finn, who grew up an orphan on the meanest streets in the city, is determined to solve the murder of the mother he never knew. In his search for the truth he uncovers a sinister trail of murder, betrayal and revenge left by someone who could neither forgive nor forget. But who can be trusted, and who can be believed? And can Finn find the answers before it's too late?
