#1 New

York Times bestselling thriller writer Kathy Reichs returns with her twenty-first novel of suspense featuring forensic anthropologist Temperance Brennan who, after receiving a box containing a human eyeball, uncovers a series of gruesome killings eerily reenacting the most shocking of her prior cases.Â Winter has come to North Carolina and, with it, a drop in crime. Freed from a heavy work schedule, Tempe Brennan is content to dote on her daughter Katy, finally returned to civilian life from the army. But when mother and daughter meet at Tempeâ€™s place one night, they find a box on the back porch. Inside: a very fresh human eyeball.
