A must for any Marilyn collector, Marilyn Monroe: A Photographic Life is packed with rare stories, photographs, and reproduced pieces of memorabilia. This is a true picture of the icon's life. Everyone knows the classic photographs of Marilyn Monroe: in the dress she wore to John F. Kennedy's birthday, or leaning out of a balcony over the streets of New York City, or famously standing over the subway grates while shooting *The Seven Year Itch*. Behind the glamour, we've also heard the sad stories: her mother's institutionalization, her three failed marriages, her own struggles with mental health, her surprising death that still leaves us with questions.
